# Ancient temples & enchanting smiles - an unforgettable adventure!

## Your cycle challenge...

...is to cycle 400km from the frenzy of Ho Chi Minh City in Vietnam to the tranquility of Angkor Wat in Cambodia. Intrigued locals will greet you with delight as you pedal through the bustling coconut groves and thriving river communities at the heart of the Mekong Delta and the stilted villages and mysterious temples of Angkor - ancient Khmer relics of a vanished culture nestled in amongst the sugar palm trees.

## Your itinerary...

### Day 1

We depart the UK for our overnight flight to Ho Chi Minh City.

### Day 2

Arrive Ho Chi Minh City and transfer to our hotel in downtown Saigon. After our bike fitting the rest of the day is at leisure to rest or explore the sights and sounds of this fantastic city. We will meet for dinner and a briefing in the evening.

### Day 3

#### Saigon to Tra Vinh

After breakfast, we transfer for a couple of hours out of Ho Chi Minh City to My Tho - the gateway to the Mekong Delta. Today's ride will lead us right into the heart of the rural Mekong. We pedal along narrow paths and lanes, past banana plantations and fields of sugar cane, through the lush green landscape of the Delta until we reach Tra Vinh - a small town off the tourist trail, with a large population of ethnic Khmer.

**Cycling distance - approx. 62km**

### Day 4

#### Tra Vinh to Can Tho

Following breakfast at our hotel, we push on with our cycling adventure - the roads are peaceful, narrow and very pretty all the way to Can Tho. Along the way we cross numerous rivers and streams via bridges and local ferries. There is plenty to see on our journey, including colourful Khmer temples and the pond of Ba Om, where we'll hear the story of how it was dug and subsequently got its name according to local legend. We cycle along riverbank paths and through busy villages until we join the main road to Can Tho. Can Tho is a popular town on the banks of the Mekong with a night market and waterfront bars and restaurants.

**Cycling distance - approx. 90km**

### Day 5

#### Can Tho to Chau Doc

After a very early breakfast, we catch the boat to Cai Rang floating market to see the local farmers selling their produce from their boats on the busy river. Once we're back on dry land we cycle along narrow roads weaving through the morning market hustle and bustle on the banks of the river, whilst absorbing the sights of endless cottage industries, timber merchants and coconut shredders. Once we finish cycling for the day, we will transfer for approximately one and a half hours to the border town of Chau Doc, where we spend our last night in Vietnam.

**Cycling distance - approx. 75km**

### Day 6 Chau Doc to Phnom Penh

Today we will say goodbye to our Vietnamese crew and bikes, as we continue our journey by boat up the Mekong and then the Bassac River to Phnom Penh. We stop off en route to officially exit Vietnam and then again to obtain our visas into Cambodia. We arrive in the Cambodian capital for lunch. In the afternoon we may have time to visit the Tuol Sleng Genocide Museum or one of the killing fields of Cambodia at Choeung Ek - sad but important reminders of this beautiful country's troubled past.

### Day 7 Phnom Penh to Kampong Thom

Following an early breakfast, we will meet our Khmer crew and bikes before riding out of the city. We cycle into the countryside, passing lotus ponds, villages, rice fields and fish farms. We stop for a break at the ancient capital of Oudong Mountain and if you have the energy to climb up the steps from the base of the mountain, you can stroll about among the ancient royal temples and stupas and admire the wonderful view down to the surrounding rice fields and floodplains. We then push on, crossing the Tonle Sap River and heading north once again until we reach the cashew nut plantations where our cycling ends today. We board our bus for a short hop to the bustling town of Skoun where the local delicacy is sautéed garlic tarantula - we will have a quick stop here to taste the local wares! We then transfer for approximately two hours to Kampong Thom where we stay for the night.

**Cycling distance – approx. 89km**

### Day 8 Kampong Thom to Angkor

This morning we take a transfer for approximately one and half hours to an ancient bridge at Kampong Kdei, one of the best examples of the remaining 800 year old bridges in Cambodia. From the bridge we transfer another 31km to Domdek village where our bikes are waiting. We will stop and have lunch along the way before pushing on to Angkor. Our challenge finish line is located near the beautiful Western Gate of Angkor Wat. A very short ride takes us to our hotel in the colonial city of Siem Reap – a fantastic town with markets, bars and restaurants to suit everyone!

**Cycling distance – approx. 66km**

### Day 9 Exploring Angkor Wat

Following breakfast, we take our bikes and spend the day exploring the incredible city of Angkor - the overgrown Ta Prohm, embraced by tree roots and gigantic creepers, the tranquil Bayon with its multitude of serene stone faces, the impressive 350m long Terrace of the Elephants and the magnificent pièce de résistance, Angkor Wat! Following our day exploring this fascinating world heritage site, we head back to Siem Reap to celebrate our achievements at our farewell dinner.

**Cycling distance – approx. 28km**

### Day 10

Enjoy a free morning in Siem Reap, before we head to the airport to catch our flight back to the UK.

### Day 11

Arrive UK.
